BONJOUR MONTRÉAL!

“Some say that no one ever leaves Montreal, for that city, like Canada itself, is designed to preserve the past...”

- LEONARD COHEN
DELTA MARIOTT HOTEL MONTRÉAL

475 President-Kennedy Avenue, Montréal, Québec, Canada H3A 1J7

- ISA Room Rates!*
- Close to airport
- Great location in heart of downtown Montréal
- Walking distance to museums, attractions, shopping, restaurants and more…
SPECIALTY COURSE

Advanced Methodology Case Studies

WEDNESDAY, APRIL 24 – LIVE IN MONTRÉAL

Instructors: Meredith Meuwly, ISA CAPP, & Kirsten Smolensky, JD, ISA CAPP

Back by popular demand, the Advanced Appraisal Methodology course is designed for experienced ISA members who wish to increase their understanding of appraisal methodology. Specifically, the course will examine all new complex appraisal problems and address how to approach them in order to create a stronger appraisal report. After completing this course, appraisers should be able to think about new and complex appraisal problems from a different perspective. Advanced Appraisal Methodology is designed to help appraisers develop problem-solving skills so that they approach challenging assignments without fear.

*Course registration is limited to AM and CAPP members of ISA only.
